Hualapai Tribal Chairman • Month of May

Submitted by: Dr. Damon Clarke, Chairman | Hualapai Tribe

Gum yuje? This is the month of May 2022

SIPI Graduation

Good day to you as you take time to read this message from Dr. Clarke, Chairman. Chairman Clarke was invited to Southwest Indian Polytechnic Institute (SIPI) for a Quarterly meeting and present the closing remarks to the graduating class of 2022. Dr. Clarke is a member of the Board of Regents assigned by ITCA North. He has been on the Board for the past two years. The school is in Albuquerque, NM and has been operating for over 50 years. This is its 50th year and is planning a great celebration later this year. As SIPI has been in operation, the change in its educational delivery has also changed and is a National Indian Community College. It is accredited by the Higher Learning Commission which is a regional accreditation agency recognized by the U.S. Department of Education. It is part of the BIA Education and U.S. Department of Interior. There are 13 Board members from AZ, NM, OK, and the Northern Plains Tribes.

SIPI offers Accounting, Business Administration, Computer Drafting/ Design, Culinary Arts, Early Childhood Ed, Geospatial Informational Tech, Liberal Arts (LA), LA in Science and Humanities, Natural Resources Management, NRM Environmental Science specialty, Network Management, Optical Lab Technology, Pre-Engineering, Adult Basic Ed/ Developmental Ed, and General Education Development (GED). As Dr. Clarke looked at the Graduation program, the names of over half of the 72-75 students attained a Grade Point Average (GPA) to be inducted with honors. This indicated that the students were given special help, in other words, they had one-on-one teaching. He was very impressed with the classes, the overall campus uniqueness. The courses offer AAS Degrees and Certificates, and most of the students were offered scholarships to Universities to continue their Goals. During this time, no students from Hualapai were enrolled. The cost of school is about \$600.00 per semester, it is a Trimester campus. Very impressed with the overall graduation, the speakers, and the accomplishments of the SIPI staff, faculty, and programs.

Green Status

For over four (4) weeks we have been in a status of Green. It has almost been 3 years to see the Hualapai tribe come to this new chapter in time. Remember, we are still requiring the community to mask up, wash hands, and distance themselves as we enter the departments and schools. Although we are almost coming to a "normal" condition, remember that our past two years have had a dramatic impact to our economy. We are not "normal" as we could be "financially". The entire country is facing major influx from the war in Russia, the increase in gas, food, and other deliveries. The Hualapai Tribe is still recovering from the impacts of COVID, and the issues mentioned. We are being very conservative in our budg-

- Update your registration whenever you move so that your information will be correct in the Signature Roster.

ID PROVISIONS FOR AMERICAN INDIANS

Tribal IDs are an acceptable form of ID to vote at the polls. Depending on the type of tribal ID, another form of ID may be needed. Check with your Tribe or tribal subdivision to see if other forms of ID, other than your tribal enrollment ID, are acceptable to use when voting at the polls. These could include a voter registration card for tribal elections, or a home site assignment lease.

No Address	But does NOT match roster + ID from List 2 that matches roster = Standard Ballot + ID from List 2 that matches roster = Standard Ballot

Memorial Day Ceremony • Facts & Information

Submitted by: Franklin Hamidreek | Hualapai Veterans

If there is any more information regarding this Hualapai Veterans Memorial, we would like to have the additional information in writing or other pictures in copies.

The Hualapai Veteran Memorial

The Hualapai Veteran Memorial was made by Victor Suminimo and Randall Mahone. This was to honor the Seven KIA, Killed In Action Hualapai Members that made the choice to serve in the United States Armed Services. These men, again, made the choice to enlist, and didn't know that they would be making the ultimate and supreme sacrifice asked of any individual to do, not only for the United States, but, for our Hualapai Nation.

The Hualapai Veteran Memorial is made to replicate what is known as Battle Field Crosses to those that fight a ground battle. When an individual is selected to do this type of combat, there is hardly any type of material at hand. Material not available to properly honor these kinds of warriors that make that sacrifice. In this type of environment, it is accepted that death will happen because of the danger involved. In order to achieve victory before any more hostilities do occur, the motivation for any individual is to stop as rapidly as they can to keep the enemy from doing any more damage. The Battle Field Cross was a fast and honorable way for Comrades in Arms to Honor and continue on with the missions at hand.

The Hualapai Veteran Memorial starts with World War I, Private Sam Swaskegame, US Marine, 9th Infantry Regiment, 2nd Division, Killed in Action: October 2, 1918. The German Army was over running Sam's Unit Lines and all of Sam's comrades yelled at him to run with them. Sam continued to man his machinegun position and continued firing. He yelled at his comrades as they ran, "I came here to kill Germans!!" The French Government awarded Sam the French Fourragere for his Gallantry.

Private Clarence Whatoname, Troop 111th Cavalry, Casualty August 1919. Clarence was not far

from the front lines. He scouted along No Man's Land until he caught the Spanish Influenza. It was not a bullet or fragmentation that got Clarence, it was a form of biological warfare.

The Hualapai Veteran Memorial then goes into World War 2 . World War 2 consisted of two fronts. There was the Pacific Campaign and The European Campaign. Both were fought simultaneously for the United States, once the US got involved. Our Hualapai tribal members answered the call to serve in these two fronts, Private Joaquin White was the first to make the sacrifice during World War 2. He was Killed In Action on September 6th, 1945, in the Pacific Campaign, his unit was the 382nd Infantry Regiment, 96th Division, US Army.

Private First Class Leslie Winifred, 158th Infantry Regiment "The Bushmaster's", US Army. Killed In Action. January 16, 1944. Pacific Campaign, Leslie was on the island of New Britain fighting against the Japanese Army that occupied it. Leslie and The Bushmasters were assaulted by heavy mortars and machinegun fire by the Japanese Army. As Leslie was making a sprint with much needed ammo for his machinegun, Leslie was hit by the Japanese gun fire.

The last on the Pacific Campaign was Private First Class Tommie Tomanata, 145th Division, US Army. Killed in Action on June 10, 1945.

Private Raymond Smith, 51st Infantry Battalion, 4th Armored Division, US Army. Killed in Action on September 25th, 1944. European Campaign in the Country of France.

The Hualapai Veteran Memorial's last Battle Field Cross is for Private First Class, Michael Bruce Jones. Michael was with B Company, 9th Infantry Regiment, 25th Infantry Division, "Tropic Lightning". Michael was Killed In Action on March 12, 1968. During a night patrol at the Gia Dinh Province, South Vietnam. Michael served as a 11 Bravo 10; Infantryman. Michael was a Point man during this night time mission. Michael inadvertently tripped a booby-trap explosive device. It was instantaneous. Michael was 20 years old.

This is the Hualapai Veteran Memorial. It is not how they died we honor. It is how they lived. These Hualapai's will never grow old. We try to remember who our ancestors were. These young men did a duty voluntarily. Meaning no one made them do it. The Hualapai Reservation was preserved by warriors like this. The Hualapai Reservation is a small part of what land our people used to be what we call home. This land, this tribe, our families is what these Hualapai's stood for and scarified themselves for.

Military history of the Philippines during World War II

The Commonwealth of the Philippines was attacked by the Empire of Japan on 8 December 1941, nine hours after the attack on Pearl Harbor (the Philippines is on the Asian side of the international date line). Although, it was governed by a semi-independent commonwealth government, the United States of America controlled the Philippines at the time and possessed important military bases there. The combined American-Filipino army was defeated in the Battle of Bataan and the Battle of Corregidor in April 1942, but guerrilla resistance against the Japanese continued throughout the war. Uncaptured Filipino army units, a communist insurgency, and supporting American agents all played a role in the resistance. Due to the huge number of islands, the Japanese never occupied many of the smaller and more minor islands. Japanese control over the countryside and smaller towns was often tenuous at best.

In 1944, Allied forces liberated the islands from Japanese control in a naval invasion.

In Flanders Fields John McCrae

In Flanders fields the poppies blow
Between the crosses, row on row,
That mark our place; and in the sky
The larks, still bravely singing, fly
Scarce heard amid the guns below.

We are the Dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders fields.

Take up our quarrel with the foe:
To you from failing hands we throw
The torch; be yours to hold it high.
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders fields.

Flag Etiquette

Indiana 4-H Civic Engagement Activity

Flag Folding Activity

Audience: Youth **Duration:** 30 minutes

Overview: Learn the basics of folding the United States flag.

Objectives: Participants in this session will:

- Demonstrate the steps to properly fold the United States flag.
- Identify components of a flag ceremony.

Materials

- Copies of paper United States flag for participants to practice how to fold a flag (printed on both sides)
- Copies of "Correct Method of Folding the United States Flag" from this file
- Actual United States flag to use as practice (1 flag for every 4 participants is recommended)

Set-up Instructions:

1. Get into groups of 4.
2. One member of your group needs to get an American flag from the leader. Or, provide a copy of a paper flag (printed on both sides).
3. **REMEMBER – DO NOT LET THE FLAG TOUCH THE GROUND.**
4. Read the flag folding procedures below.
5. Try your hand in folding the flag – 2 people at a time.
6. Once completed, let the other 2 in the group fold the flag.
7. Once finished, return your flag to the instructor.

When several flags are flown from the same flagpole, the U.S. Flag should always be at the top.

United States Flag Folding Procedures: (Refer to page 2 for step-by-step instruction with images.)

1. Begin by holding the flag waist-high with another 4-H member so that its surface is parallel to the ground. The other two 4-H members will stand on the sides of the flag to ensure it remains tight as it is folded. The flagbearer will hold the Union (stars) in his/her left hand. The flag is "tabled" twice before folding.
2. Fold the lower half of the stripe section lengthwise over the field of stars, holding the bottom and top edges securely.
3. Fold the flag again lengthwise with the blue field on the outside.
4. Make a triangular fold by bringing the striped corner of the folded edge to meet the open (top) edge of the flag. The folding is done from the folder's right to left on the initial fold.
5. Turn the outer (end) point inward, parallel to the open edge, to form a second triangle.
6. The triangular folding is continued until the entire length of the flag is folded in this manner.
7. When the flag is completely folded, only a triangular blue field of stars should be visible.

Formal Flag Day Ceremony

1. Once members are comfortable handling and folding the flag, consider holding a formal Flag ceremony.
2. A "Formal Flag Day Ceremony Outline" can be found on pages 3-4.

Correct Method of Folding the United States Flag

Start		
Step 1		Fold the lower striped section of the flag over the blue field.
Step 2		Folded edge is then folded over to meet the open edge.
Step 3		A triangular fold is then started by bringing the striped corner of the folded edge to the open edge.
Step 4		Outer point is then turned inward parallel with the open edge to form a second triangle.

Formal Flag Day Ceremony Outline

Flag Ceremonies

Flag programs are an opportunity to draw attention to and focus on civic engagement, patriotism and our national heritage. Flag ceremonies at 4-H camps and events should be meaningful and interesting. A well-planned and practiced ceremony can make raising and lowering the flag a memorable experience for all involved.

United States Flag Etiquette

1. Display the flag from sunrise to sunset.
2. Do not fly the flag in rainy or stormy weather, unless for some special reason.
3. Raise the flag briskly and proudly. Lower slowly, ceremoniously.
4. Never allow the flag to touch the ground or floor. Gather and fold it correctly.
5. When carried in a procession with another flag or flags, the United States flag should be on the marching right (the flag's own right), or if there is a line of other flags, in front of the center of that line.
6. When a 4-H or state flag is flown on the same halyard with the United States flag, the latter should be at the peak. When the flags are flown from adjacent staffs, the flag of the United States should be hoisted first and lowered last.
7. When the flag is displayed from a staff in a public auditorium, it should be placed to the speaker's right as she or he faces the audience. Any other flag should be on the speaker's left.
8. When the flag is in such condition that it is no longer a fitting emblem for a display, it should be destroyed in a dignified way, preferably by burning.
9. During the ceremony of hoisting or lowering the flag or when the flag is passing in a parade or in a review, all persons should face the flag, stand at attention, and salute. There are three types of salutes:
 - a. Those in uniform should render the military salute.
 - b. Men/Boys with hats on should remove the hat and hold it with the right hand over the heart.
 - c. All others should salute by placing the right hand over the heart. The salute to the flag in a moving column should be given at the moment the flag passes.
10. When the United States flag and the 4-H flag are placed on a desk or table at a 4-H meeting, the United States flag is always on the president's right.

Recommendations for Flag Ceremonies

1. See that the flag is lowered at sunset and raised at sunrise or at the designated time.
2. Keep the program brief and to the point, 10 minutes or less.
3. Select several 4-H members to raise and lower the flag.
4. Pre-plan the ceremony and insert campers into respective roles or involve the campers in planning the entire ceremony. Readings, poems, songs, tapes, etc. need to be "at the ready" if the group will be planning their own ceremony.
5. Recommended number of people for the color guard: 2 members responsible for the American flag; 2 members responsible for the 4-H flag, plus others required for readings, songs, etc. When raising the flag, the #1 and #2 members are in charge of the American flag. #1 snaps the flag (still furled) with the star field at the top of the flagpole rope while #2 holds the flag. The weight will cause it to unfurl easily as it is being hoisted. #2 will continue to hold the flag while #1 hoists it just far enough for #3 to snap on the 4-H flag just below the American flag being careful that the stem of the clover is toward the bottom. #4 holds the 4-H flag. When it is fastened securely, #1 will hoist the flags briskly to the top of the pole. #1 fastens rope with a half hitch.
6. Remind members to be on time for the flag raising and lowering. Instruct members before ceremonies begin that they should stand at attention without talking until dismissed. Leaders should set an example.
7. Make certain that the group knows how to fold the flag, and each participant helping with the ceremony understands his or her responsibility! Practice folding both flags.
8. Check the flag hooks to make sure they are working and make sure the participants know which hook is for the top of the US flag and 4-H flag.
9. Have readers practice the entire ceremony so each person knows his/her part. Listen to them and make sure they can pronounce all the words, speaking loudly and slowly! Use a microphone system, if possible.
10. Use a different ceremony each time in order to hold the campers' interest.
11. Try to develop a theme or progression from one ceremony to the next that builds continuity, possible ending with a dramatic conclusion at the last ceremony.

12. Veterans' organizations, National Guard units, and military reserve units are sometimes willing to put on special flag ceremonies and demonstrations (sometimes with gun salutes) that can be impressive.

Flag Raising

1. Have campers form a semi-circle around the flagpole, standing shoulder to shoulder.
2. Call out, "Attention! Hats Off"
3. The color guard marches to the flagpole. The front two people hold the flags proudly in front of them.
4. When raising the flags, attach flags (United States flag first, followed by 4-H flag) to the halyard and raise them briskly. Secure the halyard.
5. Recite the pledge of allegiance and then the 4-H pledge.
6. Color guards leave the flagpole.
7. Make final reminders of announcements about what they are to do next.
8. Call out, "You are now dismissed."
9. Return sound equipment, papers, and materials to proper place.

Flag Lowering

1. Have campers form a semi-circle around the flagpole, standing shoulder to shoulder.
2. Call out, "Attention! Hats Off"
3. The color guard marches to the flagpole.
4. Lower the flags slowly and ceremoniously. Remove the 4-H flag first. Take great care to be certain the flags do not touch the ground.
5. Have a short reading, poem, or patriotic story during the time the flags are being lowered and folded. Songs, a record playing off in the distance, or a bugler are all effective means of creating a patriotic mood. A microphone makes it easier for everyone to hear.
6. Color guards leave the flagpole. The front two people should hold the flags proudly in front of them.
7. Make final reminders of announcements about what they are to do next.
8. Call out, "You are now dismissed."
9. Return sound equipment, papers, and materials to proper place.

SPirit WEEK 2022!

Everyone agrees it's been a wild ride of a year. To celebrate the last month of school, we are having a spirit week next week. See the accompanying flyer for details.

MONDAY – Anything but a Backpack Day

TUESDAY – Character Day

WEDNESDAY – Superhero Day

THURSDAY – Spirit Day

SMALL SCHOOLS TRACK MEET

Capping off our Spirit Week on Thursday is our annual Small Schools Track Meet. This year's event will be again at Kingman High School, 4182 N. Bank St. in Kingman.

Permission slips are due back Monday, so if your student hasn't turned one in yet, there's still time.

The morning routine is unchanged – buses will run their normal routes and students will be able to have breakfast at the school. Buses will leave the school no later than 8:15 am.

Families are welcome to transport their own students and sign them in at the meet. Any shade canopies brought must be weighted down. No stakes in the ground.

Events should begin by 9:30 am. Volunteers are appreciated, as we have nearly 200 students participating this year.

Peach Springs kitchen is providing lunches for our students. Families will be responsible for their own. The event should conclude by 2:30, and students will be transported directly to their bus stops (no stop at the school). As always, families are welcome to sign their students out at the end of the meet.

ENROLLMENT APPLICATIONS

Applications for enrollment for the 2022-2023 school year are available online and in the bin on the fence. Completed applications are due back by May 26.

HOW CAN I HELP MY STUDENT?

- Have them go to bed on time – With more and more daylight, we have seen an increased number of students who are tired the next school day. As much as possible, try and maintain the same routine for bedtime. We still have 16 school days remaining this year.
- Start planning for summer reading – There are many opportunities available online for summer reading. The Mohave County Library also has a program. Work with your students to set a reading goal for each week during the summer. We have found that students who regularly read during the summer return to school far better prepared than those who did not.
- Turn on the captions when watching TV – Closed captions aren't just for the hard of hearing. By turning this feature on, you turn the show into a reading opportunity as well.
- If they are able to access the Internet – There is a virtual endless supply of learning opportunities available online:

Hualapai Tribal Candidate • Angeline Wellington Walema

Submitted by: Angeline Wellington Walema | Hualapai Tribal Member

I, Angeline Wellington Walema, am submitting this letter today to inform you that I am a candidate for Hualapai Tribal Council, the upcoming Election on June 4, 2022. As I have said to some of you, I am listing my reasons why I am a candidate for Council.

I am a concerned member of the Hualapai Tribe, have been for over fifty years. I am from Chloride Band, my father, the Late Robert Wellington, and ancestors were of Chloride Band. Here are very important laws out of the Hualapai Tribal Constitution.

I strongly believe and stand solid behind these laws which were gathered and written by our past leaders, from October 27, 1955 and approved by the Secretary of the Interior on January 16, 1956. To this day, these laws apply to all Hualapai Tribal Members.

Our Constitution adopted in order to:

1. Govern ourselves under our own laws and customs for the common good and wellbeing of the Tribe and its members;
2. Protect our lands and natural resources for ourselves and our children;
3. Maintain our culture, language and tribal identity;
4. Ensure the political integrity of the Tribe;
5. Protect the individual rights of our members;
6. Maintain peace and order through the establishment and administration of Justice;
7. Preserve, secure and exercise all the inherent sovereign rights and powers of an Indian Tribe;

These are my main seven reasons I am running for Council, and yes, I am very aware of Lithium Mining that is going on our land. I am very against this mining and I am also aware of our Water Rights.

I intend to speak on behalf of each and every one of you, in order to protect our land, and to keep our land for generations to come. I strongly feel that this land was ours from the beginning and our land is not for sale. Our Hualapai Tribal People come first.

WE LOVE OUR VOLUNTEERS

*"The Peach."**The Hualapai Nation's Live and Local Radio Station**Proudly Announces and Congratulates**March 2022 Volunteer of the Month:**Willow Majenty aka "DJ Pillow"*

Willow Majenty, Peach Springs community and Hualapai Tribal member joined the KWLP volunteer DJ crew in 2017. She has always been an enthusiastic and reliable participant at the station - hosting her show "Rock Out Hour" every Friday at 2:00p.m. and assisting with events and more! During the pandemic, she made a point to come in whenever possible to pre-record her shows for the times of stay at home and lock down orders. When the Tribe went to Green light she became a regular at the station once again. She's been helping out in so many ways: organizing files and supplies, taking inventory, making labels - always smiling and cheerful. She makes coming to work all the more fun! She is showing how one can volunteer and be part of The Peach without ever going on the air, too! We want to be sure she knows that we really appreciate her effort and dedication! If you get a chance, please let her know you do too!

Willow will receive over \$100 in incentives as Volunteer of the Month!

If you'd like to join the Peach volunteers, Call 769-1110.

Ten Tips for Packing Waste-Free Lunches

By Laura M. Stanton
Ohio State University Extension

O THE OHIO STATE UNIVERSITY
COLLEGE OF FOOD, AGRICULTURAL
AND ENVIRONMENTAL SCIENCES

- 1 Start with a reusable lunch box or bag.** Avoid single-use items like disposable plastic or paper bags. Personalize, monogram, or label your reusable lunch container and items so they do not get lost.
- 2 Pack reusable utensils.** Avoid disposable plastic forks, spoons, and knives. Pack utensils made of durable plastic, bamboo, or stainless steel. Consider buying used utensils from a thrift store or using what you already may have at home.
- 3 Scan your refrigerator and cupboards for appropriate lunch items** so you can stretch your food budget and reduce wasted food in your home.
- 4 Use food storage containers made of cloth, durable plastic, glass, or stainless steel** that can be re-used. Avoid plastic baggies, plastic wrap, and aluminum foil. Use glass or ceramic containers to heat food items.*
- 5 Drink from a re-fillable beverage container.** Avoid single-serving drink boxes, pouches, cans, and bottles. Filtered water in a reusable bottle is the healthiest and least expensive option. Skip the straw or purchase one that is reusable and can be cleaned after each use.
- 6 Bring your own dips and condiments.** Single-use items are expensive and cost more money in the long run. Use small, reusable containers for salad dressings, ketchup, and other condiments and side dishes.
- 7 Consider your napkin.** If you prefer paper napkins, purchase napkins that are made from 100% recycled paper. The most sustainable option is a cloth napkin. Remember to use environmentally safe detergent to wash them and line-dry to save energy.
- 8 Compost fruit or vegetable scraps.** If composting is not currently offered, investigate what it would take to implement a composting program at home, school, or the office. Every item you compost makes a difference.
- 9 Recycle what you can.** Check with your local waste hauler to understand what items are recyclable in your area.
- 10 Host a waste-free challenge** at school, at your workplace, or in your home to see how small changes can lead to big reductions in waste.

Making these small changes can make a big difference and help protect our environment. However, these changes can take time and money. If it seems too expensive, start small and recognize you will save money over time, especially if you ditch the more expensive, single-serve products and buy in larger quantities. For example, buying one large bag of pretzels and putting them in your own reusable containers is much cheaper than buying individual, single-serving bags of pretzels.

Remember you may have many of these reusable items or containers already so reuse what you have. If you need to purchase new items, consider buying from a local thrift store or zero waste store.

**Due to health concerns related to the chemicals used to make plastic, medical professionals and researchers suggest avoiding plastic to store, re-heat, or cook food.*
